Double Point®

OUATE DOUBLE POINT

Les serviettes Double Point sont fabriquées à partir du collage de deux couches de papier, grâce à une technique spéciale de gaufrage qui leur confère un meilleur volume et plus de douceur. Leur texture et leur apparence agréables en font un produit incontournable pour l'art de la table. Elaborées sous différents formats et couleurs (disponibles en blanc, en couleurs, dans la gamme blanche décorée ou en matériau recyclé).

TISSUE DOUBLE POINT

I tovaglioli Double Point sono fabbricati a partire dalla sovrapposizione di due strati di carta tissue mediante una tecnica speciale di goffatura che le conferisce un maggior volume e morbidezza. Il loro aspetto e la loro trama delicata ne fanno un elemento imprescindibile per una bella presentazione. Elaborati in diversi formati, si possono acquistare in bianco, a colori, nella gamma bianca decorata o in materiale riciclato.

TISSUE DOUBLE POINT

Double Point napkins are produced by bonding two plies of tissue paper through a special embossing technique, which gives them extra softness and thickness. Their pleasant texture and appearance make them an essential addition to any dining table. Available in various formats, they are offered in white, a range of colours, decorated white designs, or in recycled material.

Le motif Dry Cotton est imprimé sur une face avec une texture raffinée qui rappelle la délicatesse des tissus. Cette impression nous permet d'offrir un produit plus économique et plus écologique, tout en conservant les qualités essentielles de l'Airlaid : douceur, résistance exceptionnelle et capacité d'absorption élevée.

Il disegno Dry Cotton è stampato su un lato con una texture raffinata che evoca la delicatezza dei tessuti. Questa stampa ci permette di offrire un prodotto più economico ed ecologico, pur mantenendo le qualità essenziali di Airlaid: morbidezza al tatto, eccezionale resistenza e elevata capacità di assorbimento.

The Dry Cotton design is printed on one side with a refined texture that gives the feel of a fabric. This print allows us to offer a more economical and eco-friendly product, while still maintaining the essential qualities of Airlaid: a soft touch, exceptional strength, and high absorbency.

Rince-doigts flushables

94 % des lingettes disponibles sur le marché ne sont pas flushables (ne se délitent pas dans l'eau), car elles sont fabriquées à partir de fibres plastiques. C'est pourquoi, en aucun cas, elles ne peuvent être jetées dans les toilettes. Les 6 % restants, bien qu'elles puissent être flushables, contiennent des liants chimiques. Nos lingettes, en plus d'être jetables dans les toilettes (flushables), sont 100 % naturelles et biodégradables, car elles sont fabriquées à partir de papier, une matière première naturelle, renouvelable et certifiée PEFC (Programme for the Endorsement of Forest Certification), sans liants chimiques. Elles offrent également une résistance optimale à l'humidité, une grande capacité d'absorption et une décomposition rapide.
